Making a World of Difference...

University Interscholastic League

PURPOSE

The purpose of the UIL is to organize and properly supervise contests that assist in preparing students for citizenship. It aims to provide healthy, character building, educational activities carried out under rules providing for good sportsmanship and fair play for all participants.

Sensible organized competition under proper controls has demonstrated its value and has furnished inspiration to talented students for many years. Roy Bedichek, UIL Director from 1921–1948, once said, "School and community opinion should be so conditioned that every interschool contest dramatizes not only the reign of law but the reign of a higher law giving the Spirit of the rules precedence over the Letter, thus establishing a jurisdiction in which Conscience is the court of final appeal, empowered to confer the ultimate and most highly valued awards." The UIL does not provide a contest for every student, but does fill the need for those with the physical and intellectual capacity to excel in activities beyond the classroom. The UIL has the active support of most school administrators, teachers, and citizens in Texas.

SERVICES

The UIL is a non-profit service organization that provides a wide variety of activities and programs. The UIL:

- Provides students with educational experiences through competition.
- Promotes good sportsmanship and cooperation among member schools.
- Works to prevent exploitation of students by special interest groups.
- Publishes a monthly newspaper called *The Leaguer*, mailed to all member schools, UIL adjudicators and officials, and interested Texas news media.
- Works closely with associations to provide better officiating and adjudication for UIL contests.
- Sponsors regional conferences and clinics for athletic, music, drama, student press, and academic contests.
- Provides materials to member schools for use in UIL activities.
- Seeks to safeguard the health and welfare of students by requiring physical examinations for participation in athletics.
- Sponsors district, regional, and state tournaments or meets in athletic, music, drama, journalism, and academic contests.
- Provides drama teachers with an extensive Drama Loan Library of more than 26,000 plays.
- Sponsors the Interscholastic League Press Conference, an organization dedicated to the development of a responsible, mature, student press.
- Administers the Texas Interscholastic League Foundation, a scholarship program for academic state competitors.
- Sponsors the Denius-UIL Award, honoring outstanding UIL program sponsors, coaches and directors.

HISTORY

The University Interscholastic League was created by The University of Texas at Austin to provide leadership and guidance to public school debate and athletic teachers. In 1909, with the approval of the Board of Regents, Dr. S.E. Mezes, president of the University of Texas, organized and formed the Extension Bureau. He also appointed Professor Charles Ramsdell to investigate the need for a high school athletic organization. After talking with public school officials, Professor Ramsdell suggested organizing an Interscholastic Athletic Association. The proposal was approved and the UIL's two parent organizations - the Debate League of Texas and the Interscholastic Athletic Association - became operational.

In 1913, the Debating League and Athletic Association merged to form the University Interscholastic League, which was centered in the Bureau of Public School Services, then a part of The University of Texas Extension Division. Today, the UIL operates under the jurisdiction of the Vice-President for Administration at the University of Texas at Austin. Since 1910, the records and achievements of state high school participants have justified the decision of the University of Texas to support this program of public school service.

The UIL has grown into the largest interschool organization of its kind in the world, and is the envy of similar groups nationwide. The voluntary membership, non-profit organization exists to provide educational extracurricular academic, athletic, and music contests. The initials "UIL" have come to represent quality educational competition administered by school people on an amateur and equitable basis.

THE LARGEST

One out of every two high school seniors participates in a UIL contest prior to graduation.

Each year, almost two million students in grades two through twelve participate in one or more of the 36 literary and academic, five major music, and twelve athletic contest areas. Not only is the UIL the oldest state high school association of its kind in the world, it currently serves a larger geographic area, schedules a greater variety of contests, holds more meets, and enjoys a greater school membership than any similar organization in existence.

Under UIL direction, Texas fields more high school baseball, football, basketball, and track teams than any other state, and is second nationwide in volleyball team participation.

The UIL also conducts the largest competitive drama program in the world and sponsors the Interscholastic League Press Conference, the nation's largest state high school journalism association.

Best of all, participation in extracurricular activities is an educational bargain. In virtually every case, UIL activities account for less than one percent of each member school's budget. This includes equipment, supplies, transportation, coaches salaries and a portion of the utility bills. Fifty percent of the students at one percent of the budget! It is the best bargain in public education today.

THE FINEST

The UIL's Prescribed Music List is used by more than 30 states as well as seven foreign nations.

In addition, its calculator applications and number sense contests have been studied and emulated worldwide, just as virtually every UIL contest has been used as the standard by which excellence is judged. While many states provide only athletic competition, the UIL offers the most comprehensive literary and academic program in the nation. Contests range from current issues & events to poetry interpretation, from headline writing to number sense. And each year, outside groups ask the UIL to

sponsor their contests, so they may take advantage of UIL structure and guidance.

Because the UIL has maintained a close relationship with The University of Texas at Austin and other host colleges and universities, public schools have enjoyed the expertise of many of the nation's finest educators, who serve as contest directors and judges. Also, public schools have access to outstanding classroom and athletic facilities at nominal costs.

Finally, the UIL developed and administers the Texas Interscholastic League Foundation. Since its inception in 1954 has awarded more than \$10 million in college scholarships to approximately 9,000 UIL State literary and academic meet participants. The TILF is a program unique to Texas and the UIL.

THE STRONGEST

Rules are made by school people, who best understand the nature of educational competition.

Contests could not exist without rules. And UIL rules are adopted and altered by public school administrators, whose responsibility is to the overall educational program of the local school district rather than individual contests. The superintendent ensures that contests remain strictly amateur and educational.

The purpose of UIL contests is to provide healthful, character-building experiences that teach lessons in sportsmanship, teamwork and individual responsibility. Participation is its own reward. Students learn humility in victory, grace in defeat.

Administrators actively seek input from coaches, teachers, contest sponsors, educational association officials, school board members, parents and the public before voting in a democratic manner for the rules by which all students compete. Once adopted, rules are monitored closely by administrators. It is good to remember that school people are more aware of societal changes than the average person because they deal with students on a daily basis - and no group more accurately reflects changes in society than do teenagers.

The strength of the UIL is its commitment to grass roots control; by school officials, whose sole concern is the development of the total student.

Important Dates in University Interscholastic League History

1904	Idea for state high school association born.	1917	Introduction of the Interscholastic Leaguer (now titled The Leaguer).
1910	Debate League of Texas founded.	1927	UIL One-Act Play contest founded.
1911	University of Texas Interscholastic Athletic Association founded.	1954	State Executive Committee ruled that Blacks attending desegregated public schools could participate in UIL contests.
1911	First Debate State Meet (May 5-6).	1954	Texas Interscholastic League Foundation founded.
1912	First state meet of the Texas Interscholastic Athletic Association.	1965	UIL membership was open to all public schools, regardless of race.
1913	Debate League merged with Athletic Association to form University Interscholastic League.	1984	75th anniversary of the UIL.
1914	UIL opened competition to girls (country athletic & declamation events).		
1914	Rule limiting high school participation to four years was instituted.		

Making a World of Differences

University Interscholastic League

ACADEMIC DIVISION

The University Interscholastic League offers the most comprehensive literary and academic competitive program in the nation. It offers more than any other UIL Division in terms of activities, with 36 individual activities. More than a half million students participate in UIL academic contests.

These activities, which exist to complement the academic curriculum, are designed to motivate students as they acquire higher levels of knowledge, to challenge students to confront issues of importance, and to provide students with the opportunity to demonstrate mastery of specific skills. They are offered at the elementary, junior high and high school level. The majority of elementary and junior high schools use their activities as accelerated programs for high achievers.

The UIL provides contest study packets for each activity, handbooks developed by experts in each respective field, instructional videotapes and conferences which offer program enrichment and instruction. The journey to state competition introduces contestants to the campuses of some 18 colleges and universities statewide through district and regional contests.

The League's One-Act Play competition is the largest play production contest or play festival in the world. This activity is supported by over 200 college and university faculty serving as critic judges, 50 colleges and universities providing site facilities and 150 school administrators providing facilities and serving as contest managers. The One-Act Play competition is an integral component of the educational theatre curriculum, and is considered by historians to be the foundation of the educational and community theatre programs in Texas.

Also under the auspices of the UIL is the Interscholastic League Press Conference, an association of junior high and high school newspaper and yearbook staffs. One of the largest state high school press associations, ILPC coordinates summer workshops, a spring convention and numerous special-interest seminars. Each is designed to improve the quality of student writing and thinking skills.

ATHLETIC DIVISION

The UIL Athletic Division is based on the premise that students are students first, and athletic participation is a privilege. In addition to learning teamwork and group responsibility, these students obtain skills essential for strong citizenship and leadership. Those students participating in athletics tend to make better grades than students who are not participating in any other school activity.

The Division fields more high school baseball, football, basketball and track & field teams than any other state, and is second highest in volleyball. This Division is the largest within the UIL in terms of attendance. Its 19 activities include almost a million participants at the junior high and high school levels in the state.

The Athletic Division also draws the majority of the UIL's media coverage. Football is currently broadcast over network television in all 19 Texas media markets, as well as a delayed broadcast on ESPN. Boys' basketball and baseball are very likely to follow. These three activities are also carried on statewide radio, along with girls' basketball, volleyball, soccer, and track & field. The remaining athletic activities often receive radio coverage at the local level.

MUSIC DIVISION

The UIL Music Division is the envy of the nation. Its purpose is to provide statewide music competitions that enhance the many roles music plays in our society. It encompasses 10 activities and includes 356,682 participants in junior high and high school. Because of the department's first class reputation, music activities often receive media coverage on public access television.

The UIL's Music competitions are unique among League activities, inasmuch as they do not determine a state champion in most contests. Student musicians who participate in these contests are critiqued and rated against an accepted set of performance standards, rather than in "head to head" competition. Adjudication is performed by professional musicians and music educators who are recognized throughout the nation for their musical expertise.

An additional service of the Music Division is the production and distribution of *The Prescribed Music List*. This document, which specifies the graded repertoire used for all music contests in Texas, is developed and continuously refined by the UIL. It is also used by more than 30 other states and seven foreign nations as a guide for music competition.

\$11.4 million

■ That's how much the **Texas Interscholastic League Foundation** has given since 1954 to approximately **10,315** Texas high school students who have competed in the UIL's state academic meet. This year alone, the TILF is awarding more than \$759,000 in scholarships to 530 students.

■ The UIL administration, the UIL member schools' administrators, coaches, sponsors, directors and especially the students and their parents say **THANK YOU** to all the donors to this program. The TILF has nearly **\$3 MILLION** in endowed funds and receives direct scholarship grants each year for more than \$500,000 from foundations throughout the state. These grants have proven decisive in many student's educational careers. Many students would not or could not have attended the college or university of their choice without the financial assistance TILF provides.

■ Donors and scholarships that have been set up by donors to honor individuals are listed below.

SOUTHWESTERN BELL-UIL AWARD

The **Southwestern Bell-UIL Sponsor Excellence Award** seeks to highlight the contribution of sponsors to UIL scholastic competition. The award was created to identify and recognize outstanding sponsors who assist students in developing and refining their extracurricular talents to the highest degree possible within the educational system while helping them to keep their personal worth separate from their success or failure in competition.

Each year, the award honors 10 University Interscholastic League (UIL) sponsors in extracurricular activities. The 1997 winners included six sponsors in academics, two in athletics and two in music. A panel of judges chose the 10 winners from a field of approximately 100 nominees submitted by school principals and superintendents from across the state. Southwestern Bell will provide the winners a \$1,000 cash award and an appropriate symbolic memento.

These awards were originally made possible by a grant from the Effie and Wofford Cain Foundation and UIL corporate funds. Frank W. Denius, for whom the award is named, has been director of the Cain Foundation since 1955 and Executive Committee Chairman from 1983 until present.

1997-98 Winners

Dixie Bell Kerens HS

Every student is special and with that belief I can go to greater lengths to meet their educational needs. I have the greatest opportunity to impact the life of a student by being their friend who will listen, their cheerleader who wants them to succeed, and their teacher who wants to help them learn.

Don Carnathan Ore City HS

To me, in UIL competition there are no *winners* or *losers*. Success is not based on beating another school or student. If properly prepared, students will experience success if they focus on being the best that they can be and then achieve at a higher level than they thought possible.

Janet Doyle Pharr-San Juan-Alamo North HS

There is nothing as important as self-confidence and self-esteem in a young person's life. If I, as a UIL coach, can help a young student to stand in front of a group and read, recite or act with confidence and pride as they develop a love of good literature, then I have done my job well.

Gary Hicks Dunbar HS (Ft. Worth)

Our school motto is "It Can Be Done." Believing that we can succeed is critical to success. I have seen few students who are not motivated by the challenge to achieve or create something that is better than what exists. Winning is not coming in first place. Winning is leaving something better than you found it.

Janice Lahodny Schulenburg ISD

UIL competition teaches students higher-level, problem-solving skills. Students are taught how to design, implement, visualize and execute a plan for success. They learn to listen and focus on the task at hand with 100 percent effort and concentration. These are necessary skills for a successful adult life.

Larry McCarty Ingram Tom Moore HS

Preparation for competition teaches goal-setting as students master one small goal at a time to reach larger ones. They also can learn that failure is often the catalyst for even greater success. Organizational skills and proficiency both of which are important to the entire educational process are enhanced as they focus their energy.

Marilyn Miller Cypress Creek HS (Houston)

A competitive spirit is a common denominator of successful citizens. Competition starts in the soul, and the standards come from within each individual. As a UIL sponsor, I encourage confidence in place of arrogance, humility instead of intimidation, and quality techniques instead of trickery.

Fred Pankratz Canadian HS

When students work to perform at the exacting standards necessary for UIL activities, new heights of responsibility, concentration and work are learned and perfected. Music competition promotes these qualities. Additionally, through the inherent beauty in music, students learn to feel and communicate in a very special way.

Jay Patterson Medina Valley HS (Castorville)

Teaching has become more difficult in today's society. But one thing that does remain the same is the desire of youth to feel successful and important. It remains our job to challenge them to succeed. As professional educators, we can influence and affect the lives and character of young people.

Sunny Yeatts Sanger HS

The judicious use of competition is one of the most valuable tools I have in helping my students reach their full potential. However, it is important to remember to emphasize that winning is not the primary aim of educational competition. To me, any student who tries and does his or her best is always a winner.

Major Stockholder in Prep Record Book

Dave Clyde, who pitched for Houston Westchester in the early 1970's was a prep phenomenon. He was once listed in 14 separate categories in the National High School Sports Record Book and his name still permeates the pitching categories. Clyde is listed among the pitching leaders in 10 categories and heads the national listing in five departments. His 842 career strikeouts are 113 ahead of No. 2 Allen Rath of Riverside Highland, IA, and he is the only hurler in prep history to register more than 300 strikeouts in a season. Clyde's true dominance is shown in the number of times he is repeated. His 327 and 251 strikeout totals from 1973 and 1972, respectively, rank first and eighth in the seasonal strikeout category. No less than 43 times did Clyde strike out 10 or more batters in the 61 games he started. Only four times over the last two years of his career did he allow five or more hits.

Baseball Mentor

Coach Bobby Moegle who has coached the Lubbock Monterey baseball program to 1,038 victories, ranks No. 3 on the list of most wins by a high school baseball coach. The 63-year-old Texas mentor has an overall record of 1,038 wins and 235 losses, all at Monterey High School. During that span, he has led 12 teams to the UIL state baseball tournament. His teams won UIL titles in 1972, 74, 81, 96 and were runners-up in 1961, 71, 78. Moegle has had one former player go on to the major leagues, 44 players earn baseball scholarships to play National Collegiate Athletic Association Division I baseball and 61 who played junior college and small college baseball.

Unlimited smileage!
